LIVING LIFE HAUNTED

Living Life Haunted is the powerful true story of Dr. Bill Slevin, a world-renowned paranormal investigator, demonologist, and educator who has devoted more than 36 years to uncovering the truth behind the supernatural. From chilling childhood encounters that defied explanation to leading over a thousand residential investigations, Bill takes readers deep into a life lived between the living and the dead. His book pulls back the curtain on real hauntings, terrifying demonic cases, and the emotional and spiritual toll of standing face-to-face with forces most people fear to imagine.

Unlike sensationalized portrayals of ghost hunting, this memoir reveals the reality of the work, long nights of research, the struggles of protecting families in crisis, and the heavy responsibility of answering a calling that can never be ignored. At its heart, Living Life Haunted is not just about fear, it is about resilience, faith, and survival in the midst of unimaginable darkness.

With a foreword by David L. Sloan, author and caretaker of the infamous Robert the Doll, Living Life Haunted offers a rare, intimate glimpse into the life of a man devoted to helping the haunted, educating the public, and carrying forward the legacy of battling the unseen.

"I didn't choose this life, it chose me ... and it never let go."
